Nu-Way Industries is a leader in the design and fabrication of precision metal products. Founded in 1968, **Nu-Way** has grown from a small job shop to a vertically integrated, technology-focused provider of literally thousands of high-quality precision metal parts, metal housings and enclosures.

Nu-Way recently acquired state-of-the-art automated sheet metal fabrication equipment from Finn-Power including:

- **Night Train FMS**
(Material Handling System)
- **Shear Brilliance FMC**
(Punch/shear/laser combination featuring linear drive technology; an unloader, stacking system with buffer storage; and unloading robot)
- **In-line Express Bender with stacking robot**
(Automated Bender)
- **Robotic Press Brake**

Nu-Way serves a worldwide market with its' engineered/manufactured products to customers in the United States and countries around the world.
